

Battery Safety Chamber 36L - Data Sheet

Feature	Specification		
Internal Dimensions	Width: 37.0 cm	Depth: 57.0 cm	Height: 23.0 cm
External Dimensions	Width: 46.0 cm	Depth: 90.0 cm	Height: 45 cm
Exhaust System	Built-in Exhaust Pipe Height: 8 cm	Exhaust Pipe Diameter: 12.7 cm	
Power Input	110-230VAC via external circuit breaker (up to 16A)		
Battery Chemistries	LI-ION, LI-POL, NiMH, NiCd, Li-FePO4		
Safety Features	Fireproof glass, smoke detection, sprinkler system (optional)		
Applications	Overcharging, rapid discharge, QUAL tests		
Compliance	Certification available upon request with custom quote. Base model designed for internal/laboratory use.		
Installation	Requires water, electricity, and exhaust vent connection
